

2013 FORD F-150 SVT RAPTOR

Go Further

The 2013 [F-150 SVT Raptor](#), Ford's no-compromise off-road performance truck, adds functional features to keep it ahead of the pack – which is fitting for a vehicle inspired by off-road racing pre-runners.

NEW AND NOTABLE

- Hardcore off-roaders will appreciate the choice of new 17-inch aluminum wheels with beadlock capability, to keep tires in place while putting 411 horsepower to the ground
- HID headlamps, included in the Raptor Luxury Package, provide both function and appearance benefits
- MyFord® driver connection technology with 4.2-inch screen can be upgraded to MyFord Touch® using an 8-inch touch screen. Both systems enable voice control of vehicle functions

AT HOME, OFF-ROAD

The 2013 F-150 SVT Raptor includes a host of features developed with input from off-roading customers:

- New beadlock-capable wheels
- Brakes tuned for extreme demands
- Class-exclusive front-facing camera for steep terrain
- Torsen® front differential
- The most powerful engine in the class

SYNC WITH MYFORD TOUCH

Ford brings industry-first technologies to the performance truck segment. MyFord Touch, powered by SYNC, personalizes the driving experience and helps keep the driver's eyes on the road and hands on the wheel with:

- Wi-Fi® capability
- Text-to-voice capability
- HD Radio™ with iTunes® Tagging
- Voice-activated Navigation System

FUEL ECONOMY

11 mpg city, 16 mpg highway (4x2)

Did you know? Raptor is available in both SuperCab and four-door SuperCrew configurations
